LOGO RULES

- Always maintain clear space around the logo equal to at least the height of the squeegee handle.
- Do not stretch, distort, rotate, or recolor the logo.
- Minimum display size: 80px wide for digital, 1 inch wide for print.
- Use the primary (full-color) version whenever possible on light backgrounds.
- For dark backgrounds, ensure the logo icon remains clearly visible with sufficient contrast.
- Do not place the logo on busy photographs or patterns without a solid backing.

03 COLOR PALETTE

The color palette is derived directly from the AMA Window Cleaning logo. These colors should be used consistently across the website, marketing materials, and any branded assets. The palette evokes cleanliness, water, trust, and professionalism.

COLOR USAGE GUIDANCE

Backgrounds: Use Pure White or Light Gray for main content areas. Ice Blue for feature cards or callout sections.

Headings: Always use Dark Navy for headings and primary text to ensure strong readability.

Buttons / CTAs: Use Medium Blue or Sky Blue with white text. Hover states can shift toward the darker shade.

Body text: Use Text Gray for paragraphs and descriptive text for comfortable reading contrast.

04 TYPOGRAPHY

The logo uses a heavy, bold sans-serif typeface with strong geometric proportions. For web and digital use, the following Google Fonts closely match the logo's style and should be used consistently across the website.

PRIMARY TYPEFACE — HEADINGS

Montserrat Bold / ExtraBold

Google Fonts: fonts.google.com/specimen/Montserrat
Use: All headings (H1–H3), navigation links, buttons, and CTAs.
Weight: 700 (Bold) for subheadings · 800 (ExtraBold) for main headings.
Transform: Use UPPERCASE for section headers to match the logo style.

SECONDARY TYPEFACE — BODY TEXT

Open Sans / Inter

Google Fonts: fonts.google.com/specimen/Open+Sans or /Inter
Use: Body paragraphs, descriptions, reviews, form labels, and footer text.
Weight: 400 (Regular) for body · 600 (SemiBold) for emphasis / labels.

RECOMMENDED TYPE SCALE (DESKTOP)

05 SERVICES

AMA Window Cleaning offers a focused set of core services designed to cover every window cleaning need, plus optional add-ons for a complete package.

Interior + Exterior Window Cleaning

Complete inside-and-out window cleaning for a streak-free, crystal-clear finish throughout your entire home.

Both sides of every window are cleaned for spotless glass from every angle. This full-service option is the most popular choice for homeowners who want their windows to look brand new. Includes careful cleaning around frames and edges. A courtesy wipe of all sills is included with every visit; however, deep track and sill cleaning is not included with this service.

Exterior Only Window Cleaning

Professional exterior window washing to remove dirt, pollen, and buildup from the outside of your windows.

Ideal for routine maintenance or homes where interior access is limited. Professional-grade tools and solutions are used to tackle even hard-to-reach exterior windows on multi-level homes, including saltbox-style and two-story properties. A courtesy wipe of all sills is included with every visit; however, deep track and sill cleaning is not included with this service.

Interior Only Window Cleaning

Focused interior window cleaning to remove smudges, fingerprints, and buildup from the inside of your windows.

A great option for homeowners who need the inside of their windows refreshed — perfect after winter months, construction, or when the exterior is still in good shape. Every interior pane is carefully cleaned for a streak-free finish. A courtesy wipe of all sills is included with every visit; however, deep track and sill cleaning is not included with this service.

ADD-ON SERVICES

The following services can be added to any Interior + Exterior, Exterior Only, or Interior Only window cleaning booking.

Screen Cleaning

ADD-ON

Thorough cleaning of window screens to restore airflow and remove dust, pollen, and debris.

Screens are carefully removed, hand-washed, rinsed, and reinstalled. Helps improve the overall appearance of your windows and lets more natural light through.

Deep Track and Sill Cleaning

ADD-ON

Detailed cleaning of window tracks and sills to remove grime, mold, and built-up debris.

Over time, window tracks collect dirt, dead insects, and moisture buildup. This deep-clean scrubs out every groove and sill, improving window operation and appearance. Especially valuable for windows that haven't been serviced in several years.

06 SERVICE PLANS

AMA Window Cleaning offers flexible scheduling plans to fit every homeowner's needs and budget. Recurring plans include a discount as a thank-you for ongoing loyalty.

One-Time Clean

Standard Pricing

A single-visit professional window cleaning — perfect for first-time customers, seasonal refreshes, or pre-event prep.

Great for customers who want to try AMA Window Cleaning or need a one-off deep clean. No commitment required. Many customers start here and later upgrade to a recurring plan after experiencing the quality of work firsthand.

Bi-Annual Plan

10% Discount

Twice-a-year scheduled cleanings to keep windows looking their best through every season.

The most popular recurring option. Customers are automatically scheduled for two visits per year, ensuring windows stay clean and clear all year long. The 10% discount is applied to each visit.

Tri-Annual Plan

15% Discount

Three cleanings per year for homeowners who want consistently spotless windows all year round.

Ideal for customers who notice buildup more frequently or live in areas with heavy pollen, dust, or coastal salt spray. Visits are spaced roughly every four months for maximum coverage. The 15% discount — the best value available — is applied to every visit.

07 BRAND VOICE & TONE

The voice of AMA Window Cleaning should feel like talking to a friendly, trustworthy neighbor — someone who takes pride in their craft and genuinely cares about doing a great job for you. Copy on the website should be warm, confident, and direct.

VOICE CHARACTERISTICS

- **Friendly & Approachable**
  Write like you're talking to a neighbor, not a corporation. Use "you" and "your" frequently.
- **Confident, Not Boastful**
  Let the quality of work speak through reviews and results. Avoid overselling or hype language.
- **Clear & Direct**
  Keep sentences short. Avoid jargon. Homeowners should instantly understand every service offering.
- **Professional & Trustworthy**
  Maintain a tone that inspires confidence — especially important for a service entering people's homes.
- **Personal**
